

Analogies And Benchmarking

ANALOGIES with SKETCH NOTES

ATTRIBUTES	ANALOGIES	IDEAS
1. Resource Depletion	1. Resource depletion is a bank account that is slowly being drained without any deposits being made. 2. Like a farmer who continuously extracts crops from the same field	1. Promote Sustainable Agriculture Practices. 2. Encourage use of Renewable Energy. 3. Implement a circular Economy model.
2. Urbanization	1. Crowded bus that is difficult to get on and move difficult to get off. 2. Pot of water that is boiling with peoples & building spilling out.	4. Develop housing options 5. Use Public Transportation 6. Implementing green infrastructure.
3. Strain on Health Care Systems	1. Like a hospital that is receiving more patients than it can handle. 2. Like a person trying to carry too many bags at once.	7. Increase funding for Healthcare 8. Promote preventive healthcare measures. 9. Promote healthy lifestyle choices such as Exercise, and a healthy diet and avoid chronic diseases.

4. Economic Inequality

1. Like game of musical chairs with more chairs than players.
2. Like a Race with unequal starting points.

10. Implementing progressive Tax System to reduce income inequality.

11. Promote equal access to education and Job.

12. Encourage the development of co-operatives and other form of collective ownership.

5. Biodiversity Loss

1. Like a jigsaw puzzle where pieces are removed one by one eventually making it impossible to complete the picture.

2. Like a Library where books are being burned, leading to permanent loss of knowledge and stories.

1. Protect and restore Natural Habitat to Promote Biodiversity and prevent Species loss.

2. Implement Sustainable Land use Practices, such as Agroforestry etc.

3. Promote eco-tourism and Sustainable use of Natural Resources to provide economic benefits while preserving biodiversity.
